

Senior Spotlight: Ashlyn O'Daniel

by Julia Schmitt, sophomore

Ashlyn Faye O'Daniel was born November 9, 1996, to Tonya and Darren O'Daniel. Ashlyn has a sister whose name is Jayde. Extra-curricular activities that Ashlyn is involved in are basketball, FFA, Student Counsel, and NHS. Along with many other accomplishments, Ashlyn has placed 9th at state agronomy. Her hobbies and interests involve doing anything outside.

When Ashlyn was younger, she wanted to be a veterinarian, but her current plans after high school are to attend LATI for Agri-business. In 10 years she hopes to see herself back in the Redfield area with her own farm. Ashlyn's favorite memory from high school is when the boys in her government class bet on who would be late to class that day, and they were right. One of the things that Ashlyn will miss most about high school is seeing friends every day. After she graduates, Ashlyn would like to be remembered as a role model that little kids could look up to.
