

Senior Spotlight: Deion Beardemphl

by Julia Schmitt, sophomore

Deion Beardemphl was born August 13, 1996, to Kelly Beardemphl and Connie McManus. Deion's siblings are Danielle Piehl and Dante Fuller. Extra-curricular activities that Deion is in include wrestling, cross country, track, and football. An accomplishment that Deion has received is state qualifying in wrestling. Hobbies and interests that Deion has are skateboarding, anime, and painting.

When Deion was younger he wanted to be a pro-wrestler, but his current plans after high school are to go to SDSU for biology. In ten years Deion sees himself having a nice home, wife, and kids. The thing that Deion will miss most about high school, by far, is wrestling. As he leaves high school Deion would want his friends and his wrestling rivals to remember him as a strong opponent.
