

PROM: 2015 A NIGHT TO REMEMBER

Prom 2015, held on Friday, April 24, centered around the theme of Le Grand Parc de Paris. The sights included a view from the Eiffel Tower, a carousel, a wishing fountain, and a spinning Ferris wheel complete with twinkling lights. A Parisian bistro and café surrounded by benches and lighted trees completed the scenery.

“The carousel was so hard to put together. One of the horses ended up facing backwards, but it still turned out to be unforgettable,” junior Prom decorator Brooklyn Rohlfs said.

Juniors and seniors, along with their dates, began gathering at the Ken Green o building in the afternoon for pictures. The banquet, catered by Leo’s Good Food of Redfield, followed. The meal consisted of a choice of pork loin or chicken cordon bleu and mashed potatoes, gravy, corn and a dinner roll. Cupcakes for dessert rounded out the meal.

The doors opened to the public at 8:00P.M., and spectators swarmed the floor to take pictures of the Prom-goers in their gowns and tuxes. The Grand March followed, with the traditional “Fun Run.”

Music, provided by The Dancing Jukebox, kept the group dancing until around midnight. Students then changed into their street clothes to continue the night at Post prom, which highlighted a magician and a mechanical bull. Students could also play dodgeball or test their skills at poker. Students and their dates could snack on pizza, and a taco bar and an ice cream bar were also available. Names for prizes were drawn throughout the night, and the party ended around 4:00A.M.

Juniors Carter Klapperich and Bradyn Binger have some fun with bubbles during the Fun Run at Prom.
