

## *Senior Spotlight: Cassidy Metzinger*

by Hailey Wacholz, sophomore

Cassidy Morgan Metzinger was born on March 24 to Don Metzinger and Vanessa Bourassa. Her current guardians are Troy and Marie Hofer and she is the sister to Tristen, Hunter, and Payton.

The extra-curricular activities Cassidy participates in include SADD, chorus, HS plays, and NLAB. Metzinger's accomplishments are being apart of the Northern Lights Admissions Board. Her accomplishments include arts and crafts, singing, and photography.

When Cassidy was younger she said she wanted to be a Pokémon Trainer. Now Cassidy has chosen a more realistic job and plans to attend Lake Area Tech for nursing. In ten years Cassidy sees herself with a great job, a nice home, and beginning a new family.

When asked what her favorite memory of high school was she replied, "Spencer [Buranen] asked me to get him a glass of water from the kitchen, and when I returned, I found him coughing, purple in the face. He suddenly collapsed in the chair, and I began to panic, shaking him and yelling at him. Not even 10 seconds later, he sprang up, laughing, while my face was full of tears."

What she will miss most about high school is listening to all the funny stories that her classmates had to share. Cassidy said she would like to be remembered as someone who is fun, over energetic, and a hard worker.
