

## Senior Spotlight: Leah Lunstrum

by Julia Schmitt, sophomore

Leah Sophronia Lunstrum was born July 31, 1997 to Cherie and Clark Lunstrum. Leah has three siblings Becca, Trenton, and Trina. Some extra-curricular activities that Leah participates in are

Competition Cheer, football cheer, chorus, and dance.

Accomplishment that Leah has gathered over the years include: Runner up 2 years in competition cheer, all-state chorus three years in a row, achieving highest passing score for Cecchetti III Ballet exam as a freshman, gained a place on the honor roll three years running, and last but not least lettering in cheer, band, chorus, and will soon letter in football cheer.

Some hobbies and interests that Leah has are dancing whenever she gets the chance, going out and having fun with friends, and sitting down in her extra free time and watching Netflix. When she was younger she wanted to be a famous pop star, a police officer, or a doctor. Her actual plans after high school are to go to college in Minnesota and get a degree in

dance and hopefully move onto a dance studio and perform and teach.

In 10 years, Leah sees herself at a good dance studio learning great things and working her way to be a teacher. She also hopes to have a boyfriend or husband with a nice place to live. Leah's favorite memories from high school are messing around with other people in her grade and having random explosions go off in Mr. Suchor's class. The things that Leah will miss the most about high school are the familiarity of this school and town and knowing everyone and everything that goes on. After high school Leah would like to be remembered as the person who never spread drama or rumors and a person who never got involved with anything bad that happened at school.
