

SENIOR SPOTLIGHT:

RONI LEVTZOW

by Julia Schmitt, sophomore

Roni Kalyn Levtzow, daughter of Sheree and Ron Levtzow, was born on January 8<sup>th</sup>, 1997. Her siblings are her brothers Greg and Jacob and her sister Brandi. The extra-curricular activities that Roni is involved in include: volleyball, basketball, and softball. Some accomplishments that Roni has gained over the years are student of the month and team captain on varsity volleyball and basketball.

Hobbies and interests that Roni spends her time doing are spending time with family and friends, playing softball, and having a good time whenever she has the chance. When Roni was younger she wanted to be a farmer. Her plans after high school now are to go to Lake Area Tech and go into Child Development. In ten years Levtzow would like to be helping children learn and grow. At some point she would like to have kids and family of her own.

Although high school is filled with tons of memories Roni's favorite memory was winning a tug-of-war game and winning the jug more than once at the Homecoming pep assembly. The things that she will miss most about her high school years are her classmates. Levtzow said she will really miss them because they have been there since the beginning. She will miss all her teachers and coaches. When asked how she wanted to be remembered she replied, "I want to be remembered as someone who left a mark on the school and someone who people can look up to."
