

# *Mr. Storley Joins RHS as Superintendent*

by Baylee Blake, junior

The transition from summer to fall once again had students and staff gearing up for another school year. Everyone knew that meant heading back to school to begin new classes and meet new students and faculty members. The RHS school system welcomed many new staff members and a new superintendent, Mr. Shad Storley.

***Mr. Shad Storley, superintendent***

Mr. Storley grew up on a farm near Roslyn, SD, where he graduated from. He taught in Tulare from 1993-98, in Britton from 1998-2006, in Wagner from 2006-07, and again in Britton from 2007-2014.

In his free time he loves to golf and do carpentry work. His wife and he enjoy going to school activities and attending SDSU volleyball, basketball, and football games.

He has been married to his wife Melissa for twenty-three years, and she is a yearbook representative for Jostens. They have a son, Connor, who is twenty-one and currently a junior at South Dakota State University and is majoring in Exercise Science. Following in her big brother's footsteps, Morgan, who is twenty and a sophomore at South Dakota State University, is majoring in math education.

After applying for the superintendent job and having an interview, Mr. Storley commented that he felt "like Redfield would be a good fit."
